

# Gifted & Talented Distinguished Speakers Series

*ESC Region 12 is pleased to announce a new distinguished speaker series. . .*

## **Carolyn Coil**

March 26, 2008 (Session# 28001)

*Successful Teaching in the Differentiated Classroom*

How can you meet the needs of gifted students in a regular classroom setting? This workshop will focus on practical strategies showing you the "how-to" of differentiation.

❧ *Coming This Summer* ❧

## **Cecelia Boswell**

July 9, 2008 - *Relevance, Rigor and Eureka!* (Session# 28162)

Participants will learn ways to extend your students' thinking and increase achievement levels. This session, designed for secondary teachers, will illustrate how to address student interest through authentic learning that will add relevance, rigor, depth, and complexity to their learning that leads to the Eureka! of understanding.

## **Suzy Red**

July 23, 2008 - *Step Stone Stories: Award Winning Literature for Grades K-3* (Session# 28161)

July 24, 2008 - *Transformers: Award Winning Literature for Grades 3-7* (Session# 28160)

Let this award-winning literature lead your students into an active, integrated curriculum that is rich in character, reading and math skills, science, social studies, research, problem solving, internet projects, and FUN!

## **Bertie Kingore**

August 6, 2008 - *Reaching All Learners: Making Differentiation Work* (Session# 28165)

Examine practical research based strategies to vary lessons to meet the needs of all learners. Explore guidelines to effectively manage the learning environment to meet the needs of students with different learning requirements, including the gifted child.
