ESL TExES Preparation Training

Challenge

Currently throughout the world, there are approximately 400 million first language English speakers, 700 million second language English speakers and more than a billion people learning English.

Texas demographics are changing. There has been an increase of 30,000 limited English proficient (LEP) students each school year. To meet the challenge of educating LEP students, teachers must:

- Become certified in English as a Second Language.
- Promote students' success in an English-speaking education system.

“I am **so glad** I took your ESL class. I couldn't have passed the test without the training. **Thanks so much.**”

-Valorie McKamie,
Moody ISD

Training

Training will be led by a highly qualified educator and will be available at various times and locations.

This two-day interactive training includes:

- 12 hours of continuing education
- An ESL study manual
- Practice TExES exam
- Strategies for the ESL classroom

This training prepares participants to confidently take the TExES ESL Supplemental Certificate Exam (#154) while introducing teaching strategies that will help improve ESL student achievement.
