Admission to the Region 12 Master Math Teacher Certification Program requires that all applicants meet the recognized and required standards as set by State Board for Educator Certification. Enrollment is limited, so applications will be reviewed by a screening committee.

The Master Math Teacher Certification Program includes three certification levels. Please indicate your interest below.

EC-4

4-8

8-12

Application Process:

The following materials must be submitted to the MMTCP Committee before the application will be considered:

- A completed application form that describes applicant's
 - impact on student mathematics achievement
 - professional development activities in the area of mathematics
 - completed college math courses (transcript not required)
 - participation in professional math organizations
 - awards and recognition in the area of math
 - participation in community service related to math (see following pages)
- A letter of intent which includes the candidate's background, teaching and career goals, and past and present teaching experiences in the area of mathematics
- Three letters of recommendation: one from the District Superintendent, one from the Campus Principal, and one from someone familiar with the candidate's academic abilities and experience in teaching math
- Copy of valid Texas teaching certificate (Math Specialists must submit copy of Math Specialist Certificate)
- Copy of Service Record verifying at least 3 years of teaching experience
