

ESC Region 12 Discovery Education Experience *Training Opportunities for Summer 2021*

For ESC Region 12 Discovery Education Co-op Members

Join us virtually for these free Discovery Education Experience Training Sessions. All sessions will be delivered on the advanced DEX K-12 Platform. Your account will be upgraded to the DEX platform upon registration. Contact Lisa McCray, lmccray@esc12.net with questions.

Enriching Learning with Discovery Education K-12 Blended Virtual Session (Session [233759](#) 6/22/2021)

Welcome to Enriching Learning with the Discovery Education K-12 Learning Platform. This session designed for “newbies” and “seasoned users” will provide a review of all of the wonderful resources available in this K-12 program. Participants will explore technology integration ideas and techniques for integrating video, digital project boards, and many other resources into existing curriculum.

Discovery Education Integration Strategies, K-12 Blended Virtual Session (Session [233817](#) 6/23/2021)

Have you been looking for a place where you can access simple and easy integration strategies for the Discovery Education Streaming Experience? Come and join us for this session for K-12 where we will explore the DE “Spotlight on Strategies” series that provides close to 200 digital integration strategies as well as over 1000 ready-to-use lessons with embedded strategies and all the resources needed to help you integrate DE media into your curriculum.

Discovery Education Studio, K-12 Blended Virtual Session (Session [233895](#) 6/29/2021)

Do you use Discovery Education as an educator for streaming media and other digital resources for your classroom? Great! Now you need to give Studio a try! Studio, Discovery Education's content and collaboration tool, allows teachers to curate multimedia resources and quizzes into a single board or slideshow to engage students in their learning. Students can also demonstrate their understanding of a topic and unleash their creativity by designing a Studio board themselves. Come and explore the possibilities with us.

Discovery Education Account Administrator Training, Virtual Session (Session [233897](#) 6/30/2021)

This training session will assist districts/schools subscribing to the Discovery Education K-12 Learning Platform to gain experience in managing teacher and student accounts in this great platform. Tasks will include:

- Adding, updating, and/or archiving teacher and student accounts
- Resetting passwords
- Managing Classrooms
- Running Usage Reports
- Setting up Single Sign-On (SSO) Integrations
- Setting up Learning Management System (LMS) Integrations
