

Questions received for RFP Depository Bank Services 2020

1. There is not an Attachment A for completion by banks in the bid package on the website which outlines the Region's service volumes. Will that come with the response to the questions Thursday or are we to use the standard "TEA RFP Attachment A" document similar to what is attached hereto?

2. Is the RFP for depository services available as a fillable PDF?

Restrictions were changed on the RFP for Bank Depository Services and now can edit the PDF in applicable software.

3. Can bids be sent electronically?
