

Region 12

Education Service Center
TECHNOLOGY FOUNDATION

OUR STORY

The ESC Region 12 Technology Foundation was established in 2012 and is dedicated to providing additional resources to Central Texas schools for technology programs. Grant funds are restricted to the purchase of state-of-the-art equipment and/or programs that enhance learning through the integration of technology in the classroom. The Foundation is deeply committed to supporting the education of all students in Region 12, which includes 77 school districts and charter schools in 12 counties.

OUR PURPOSE

The purpose of the Foundation is to generate, manage and distribute funds for technology programs not funded by tax dollars. Funding to schools is supplemental and does not replace or alter their use of tax-based revenue.

OUR IMPACT

Funds Awarded: Over \$532,333
Students Served: 23,566

By investing in the ESC Region 12 Technology Foundation, you will directly impact student achievement, and 100% of every dollar will directly serve Central Texas students. It's an investment in the future that pays off in more ways than you know.

CONNECT WITH US

“We are thankful to earn a grant for our campus for the second year in a row. This will provide recently developed hands-on technology that is perfect for our young learners. We will use it in conjunction with the robotics and video creation tools and continue to build on the success of that grant.”

- CHRISTINE ROBINSON, HILLSBORO ELEMENTARY LIBRARIAN

OUR FOUNDATION DONORS

The ESC Region 12 Technology Foundation thrives because of our generous donors. Their steadfast support helps ensure equal access to the creative and innovative use of technology in classrooms throughout Central Texas.

"The grant has change the lives of 21 students and a teacher as well as the landscape of learning at Alta Vista Elementary. It has been an exceptional year of student engagement, discovery, and knowledge building. Because of your generosity, this project will continue to create students equipped with critical thinking and technology skills for years to come."

-Jo Spark,

*Alta Vista Elementary School,
Waco ISD*
